

Peter J. (P.J.) Gudz, Jr.

Address: 196 Terrell Lane, Jefferson, Georgia 30549

Phone: (678)897-8011 • Email: pjgudz.wx@gmail.com

Experience

- WSB-TV Weather Intern (Atlanta), May 2022 – August 2022
 - Created graphics that were presented on air, on apps/social media, and for personal video practice
 - Participated in daily weather discussions and editorial meetings to determine top weather stories
 - Constructed weather packages detailing top weather-related stories for on air use
- UGA Athletics Student Meteorologist, Spring 2022 – Present
 - Co-founded the student-run organization which prepares briefs, graphics, and text bulletins for UGA Athletics teams
 - Lead a group of 5 specially selected students forecasting for UGA Baseball and other teams
 - Facilitate discussions with Athletic Directors for practices, games, and playoffs regarding weather that could impact playing conditions at these events
- Athens Georgia Weather Student Meteorologist, Fall 2021 – Present (~22,900 followers)
 - One of UGA's student meteorologists who create and publish forecasts used in live coverage and taped broadcasts for the Athens, Georgia area
 - Taped and live weather (daily) forecasts including severe weather coverage
 - Run OBS graphic software for weather broadcasts and severe weather coverage
- North Georgia Weather Authority Student Meteorologist, Fall 2021 – September 2022 (~50,000 followers)
 - Provide recorded and live videos for UGA's student-run weather group covering North Georgia
 - Create and publish detailed graphics for online posts and for recorded/live forecasts
 - Forecasted for a large geographical area impacted by varied weather
- UGA Redcoat Marching Band Student Meteorologist, Fall 2021 – Present
 - One of three selected students chosen to forecast
 - Create temperature outlooks, relay future weather conditions, and probability of severe weather
 - Band leadership relied on forecasts to determine delays or cancelations of practice and conditions on gamedays
